

STAGE PLOT

November 2011

If the above date is older than 6 months, please check our website to make sure you have the latest version.

If you have any questions:
mrspeed@mrspeedonline.com

Special Instructions:

Drums: Each tom requires its own mic.

Power Requirements:

For **indoor** shows, (3) separate dedicated 20-amp circuits will be required. 1 for lighting and 2 for the PA and band combined.

For **outdoor** shows at least a 50-amp 220vac service should be supplied.
